

THREAD ADAPTOR

The Thread Adaptor is a premium universal adaptor kit for mounting a range of devices onto any mic stand, boom pole, tripod or studio arm. It features 1/4, 3/8, and 5/8-inch adaptors in a unique integrated set with a carabiner for safekeeping. These can be configured to connect any standard thread to any standard mount – a lifesaver on set, in the studio, or in the field – and it features a handy driver for tightening and loosening the adaptors. The Thread Adaptor is a must-have “everyday carry” accessory for sound engineers, filmmakers, and photographers.
